

Alpha Maths 2017

SEMESTER 1 ASSESSMENT GUIDE

For Student Progress Report teachers will make an “on-balance’ judgement about each student’s achievement in this subject. They will draw on VEL’s assessment standards, classroom observation, and student’s contribution to work in class, as well as from a range of assessment tasks outlined in this assessment guide.

Possible assessment tasks	Assessment period	Topics and/or Concepts	The achievement grade includes assessment from the following tasks:
Tests Assignments Classwork Homework	Orientation Day and Cycle 1	PROBABILITY SURFACE AREA & VOLUME MONEY & FINANCIAL MATHS	Completion of set classroom work and homework Probability Test Surface Area & Volume Test Money & Financial Maths Test
	Cycle 2	PYTHAGORAS’ THEOREM TRIGONOMETRY INDEX LAWS	Completion of set classroom work and homework Pythagoras’ Theorem Test Trigonometry Test Index Laws Test
	Cycle 3	LINEAR ALGEBRA CO-ORDINATE GEOMETRY SURDS	Completion of set classroom work and homework Linear Algebra Test Co-ordinate Geometry Test Surds Assignment
