

For Student Progress Report teachers will make an “on-balance” judgement about each student’s achievement in this subject. They will draw on VELs assessment standards, classroom observation, and student’s contribution to work in class, as well as from a range of assessment tasks outlined in this assessment guide.

Possible assessment tasks	Assessment period	Topics and/or Concepts	The achievement grade includes assessment from the following tasks:
Tests Assignments Classwork Homework	Cycle 4	QUADRATIC EXPRESSIONS QUADRATIC EQUATIONS	Completion of class work and homework Quadratic Expressions Test Quadratic Equations Test
	Cycle 5	NUMBER SKILLS COORDINATE GEOMETRY SIMILARITY & CONGRUENCE	Completion of class work and homework OnDemand Testing Number Skills Test Coordinate Geometry Test Similarity & Congruence Test
	Cycle 6	MM GROUP FUNCTIONS SIMULTANEOUS EQUATIONS	Completion of class work and homework Functions Test Simultaneous Equations
		GM GROUP DATA REPRESENTATIONS & INTERPRETATIONS SINE & COSINE RULES	Completion of class work and homework Statistics Test Sine & Cosine Rules Test
