ASTHMA POLICY

PURPOSE

To ensure that Mortlake P-12 College appropriately supports students diagnosed with asthma.

OBJECTIVE

To explain to Mortlake P-12 College parents/carers, staff and students the processes and procedures in place to support students diagnosed with asthma.

SCOPE

This policy applies to:

- all staff, including causal relief staff, contractors and volunteers
- all students who have been diagnosed with asthma or who may require emergency treatment for asthma and their parents/carers.

POLICY

Asthma

Asthma is a long term lung condition. People with asthma have sensitive airways in their lungs which react to triggers, causing a 'flare-up'. In a flare-up, the muscles around the airway squeeze tight, the airways swell and become narrow and there is more mucus. This makes it hard to breathe. An asthma flare-up can come on slowly (over hours, days or even weeks) or very quickly (over minutes). A sudden or severe asthma flare-up is sometimes called an asthma attack.

Symptoms

Symptoms of asthma can vary over time and often vary from person to person. The most common asthma symptoms are:

- breathlessness
- wheezing (a whistling noise from the chest)
- tight feeling in the chest
- persistent cough

Symptoms often occur at night, early in the morning or during/just after physical activity. If asthma is well controlled, a person should only have occasional asthma symptoms.

Triggers

A trigger is something that sets off or starts asthma symptoms. Everyone with asthma has different triggers. For most people with asthma, triggers are only a problem when asthma is not well controlled with medication. Common asthma triggers include:

- exercise
- smoke (cigarette smoke, wood smoke from open fires, burn-offs or bushfires)
- house dust mites
- pollens
- chemicals such as household cleaning products
- food chemicals/additives
- laughter or emotions, such as stress
- colds/flu
- weather changes such as thunderstorms and cold, dry air
- moulds
- animals such as cats and dogs
- deodorants (including perfumes, after-shaves, hair spray and aerosol deodorant sprays)
- certain medications (including aspirin and anti-inflammatory drugs)
**Asthma management**

If a student diagnosed with asthma enrols at Mortlake P-12 College:

1. Parents/carers must provide the school with an Asthma Care Plan which has been completed by the student’s medical practitioner. The plan must outline:
   - the prescribed medication taken by the student and when it is to be administered, for example as a pre-medication to exercise or on a regular basis
   - emergency contact details
   - the contact details of the student’s medical practitioner
   - the student’s known triggers
   - the emergency procedures to be taken in the event of an asthma flare-up or attack.

2. Parents/carers must provide their child’s own prescribed reliever medication labelled with the student’s name.

3. Mortlake P-12 College will keep all Asthma Care Plans:
   - General Office
   - Sick Bay

4. If a student diagnosed with asthma is going to attend a school camp or excursion, Mortlake P-12 College parents/carers are required to provide any updated medical information.

5. If a student’s asthma condition or treatment requirements change, parent/carers must notify the school and provide an updated Asthma Care Plan.

6. School staff will work with parents/carers to review Asthma Care Plans once a year.

**Student asthma kit**

All students diagnosed with asthma are required to have a student asthma kit at school which contains:

- their own prescribed reliever medication labelled with the student’s name
- their spacer (if they use one)

Students will be required to keep their asthma kits with them while at school.

**Asthma emergency response plan**

If a student is:

- having an asthma attack
- difficulty breathing for an unknown cause, even if they are not known to have asthma

School staff will endeavour to follow the Asthma First Aid procedures outlined in the table below. School staff may contact Triple Zero “000” at any time.

<table>
<thead>
<tr>
<th>Step</th>
<th>Action</th>
</tr>
</thead>
<tbody>
<tr>
<td>1.</td>
<td>Sit the person upright</td>
</tr>
<tr>
<td></td>
<td>• Be calm and reassuring</td>
</tr>
<tr>
<td></td>
<td>• Do not leave them alone</td>
</tr>
<tr>
<td></td>
<td>• Seek assistance from another staff member or reliable student to locate the student’s reliever, the Asthma Emergency Kit and the student’s Asthma Care Plan (if available).</td>
</tr>
<tr>
<td></td>
<td>• If the student’s action plan is not immediately available, use the Asthma First Aid as described in Steps 2 to 5.</td>
</tr>
<tr>
<td>2.</td>
<td>Give 4 separate puffs of blue or blue/grey reliever puffer:</td>
</tr>
<tr>
<td></td>
<td>• Shake the puffer</td>
</tr>
<tr>
<td></td>
<td>• Use a spacer if you have one</td>
</tr>
<tr>
<td></td>
<td>• Put 1 puff into the spacer</td>
</tr>
<tr>
<td></td>
<td>• Take 4 breaths from the spacer</td>
</tr>
</tbody>
</table>

**Remember – Shake, 1 puff, 4 breaths**
3. Wait 4 minutes
   - If there is no improvement, give 4 more separate puffs of blue/grey reliever as above

4. If there is still no improvement call Triple Zero “000” and ask for an ambulance.
   - Tell the operator the student is having an asthma attack
   - Keep giving 4 separate puffs every 4 minutes until emergency assistance arrives

5. If asthma is relieved after administering Asthma First Aid, stop the treatment and observe the student. Notify the student’s emergency contact person and record the incident

Staff will call Triple Zero “000” immediately if:

- the person is not breathing
- if the person’s asthma suddenly becomes worse or is not improving
- if the person is having an asthma attack and a reliever is not available
- if they are not sure if it is asthma
- if the person is known to have anaphylaxis

**Training for staff**

Mortlake P-12 College will arrange the following asthma management training for staff:

<table>
<thead>
<tr>
<th>Staff</th>
<th>Completed by</th>
<th>Course</th>
<th>Provider</th>
<th>Cost</th>
<th>Valid for</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Group 1</strong></td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>General Staff</strong></td>
<td></td>
<td>School staff with a direct teaching role with students affected by asthma or other school staff directed by the principal after conducting a risk assessment.</td>
<td>The Asthma Foundation of Victoria</td>
<td>Free to all schools</td>
<td>3 years</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Asthma first aid management for education staff (non-accredited)</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td>One hour face-to-face or online training.</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>Group 2</strong></td>
<td></td>
<td>Course in Emergency Asthma Management 10392NAT (accredited)</td>
<td>Any RTO that has this course in their scope of practice</td>
<td>Paid by Mortlake P-12 College</td>
<td>3 years</td>
</tr>
<tr>
<td><strong>Specific Staff</strong></td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td>Staff working with high risk children with a history of severe asthma, or with direct student wellbeing responsibility, (including nurses, PE/sport teachers, first aid and school staff attending camp)</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Mortlake P-12 College will also conduct an annual briefing for staff on the procedures outlined in this policy:

- the causes, symptoms and treatment of asthma
- identities of the students diagnosed with asthma
- how to use a puffer and spacer
- the location of:
  - the Asthma Emergency Kits
  - asthma medication which has been provided by parents for student use.
Mortlake P-12 College will also provide this policy to casual relief staff and volunteers who will be working with students, and may also provide a briefing if the principal decides it is necessary depending on the nature of the work being performed.

**Asthma Emergency Kit**

Mortlake P-12 College will provide and maintain at least two Asthma Emergency Kits. One kit will be kept on school premises at General Office and one will be a mobile kit for activities such as camps and excursions.

First Aid Nominee will monitor and maintain the Asthma Emergency Kits. They will:

- ensure all contents are maintained and replaced where necessary
- regularly check the expiry date on the canisters of the blue or blue/grey reliever puffers and place them if they have expired or a low on doses
- replace spacers in the Kits after each use (spacers are single-person use only)
- dispose of any previously used spaces.

**Management of confidential medical information**

Confidential medical information provided to Mortlake P-12 College to support a student diagnosed with asthma will be:

- recorded on the student’s file
- shared with all relevant staff so that they are able to properly support students diagnosed with asthma and respond appropriately if necessary.

**Communication plan**

This policy will be available on Mortlake P-12 College’s website so that parents and other members of the school community can easily access information about Mortlake P-12 College’s asthma management procedures.

**Epidemic Thunderstorm Asthma**

Mortlake P-12 College will be prepared to act on the warnings and advice from the Department of Education and Training when the risk of epidemic thunderstorm asthma is forecast as high.
