Term 4—Week 7—19th November 2014

Principal’s Report

Year 12 ‘Head Start’ program

The 2015 Year 12 students (and others studying a Unit 3&4 subject) have been involved in a Head Start program this week where they have commenced classes in their 2015 subjects. The purpose of the week is to ensure that all students have a clear understanding of each subject’s requirements and how they can best prepare for the year ahead.

A number of students are undertaking applied learning subjects through the VCAL program. This should not be seen as an ‘easy option’ but rather a different pathway for students who do not wish to pursue university studies. To be successful in a VCAL course requires commitment, reliability and hard work just as it does in a VCE course.

Year 4 visit to Mortlake Health Services

On Friday the Year 4 students were invited to assist in the Celebration of 125 Years of Health Services in Mortlake. On arrival they handed out programs and showed guests to their seats. Then they sat and listened to seven senior citizens and descendants of the first doctors and nurses talk about the lives of those first workers at the Health Centre. The children were interested to hear about the Contagious Diseases Ward on Townsend Street and how the first nurse lived in a cottage on the edge of Tea Tree Swamp.

After the talks they moved chairs and helped set up and hand out platters of sandwiches and cakes to the guests for afternoon tea.

Many visitors commented on how well behaved, polite and helpful the Year 4s were and that they were a credit to the school. Feedback from the community has also been very positive.

Congratulations to Cooper Lower!

Last weekend Cooper Lower travelled to Melbourne to attend an awards presentation for a state-wide music competition called “Kool Schools”. Cooper had entered four songs in the competition, including two with Jacob Pugh. Cooper was nominated for four awards: best acoustic track with male vocals; best hip hop track; best overall male vocalist and best cover.

Cooper was successful in winning the ‘Best Cover’ category for his cover of ‘No Diggity’ by Blackstreet and he also received a special judge’s award for a singer/songwriter. Congratulations on a fine achievement Cooper!

Camps

It was great to learn that the camps conducted last week were so successful. Students from Years 5&6 and Year 7 all reported that they had really enjoyed their time away and staff were full of praise for how the students conducted themselves. As I’ve mentioned previously, school camps are nearly always one of the most lasting memories of a student’s time at school so it was really pleasing to learn that they were so enjoyable. Thank you to all the staff who organised and attended the camps. Good luck to our Year 11 students as they head to Melbourne this Sunday for a week of work experience. I’m sure they will enjoy both the challenges and opportunities that the experience of living and working in Melbourne will bring even if it is only for a short period of time.
2014-15 Bushfire season

Included in this newsletter is information from the Education Department regarding school procedures for the bushfire season. Mortlake College is categorised as one of the “Highest bushfire risk schools” and it is therefore very important that all families are familiar with the information provided. Please read the information particularly the section titled “What can parents do?” and ensure that all your family contact details are up to date.

Graeme Good

Year 11 students will travel by train from Terang Station on Sunday 23\textsuperscript{rd} November for their week long Work Experience camp in Melbourne. Students will stay at the YHA Melbourne Metro Hostel in North Melbourne and will undertake work experience with the following organisations.

Emily Brown - Children’s Court
Lilli Cummins - Panache Flowers
Brooke Eldridge - Warringal Private Hospital
Mason Fagan - William Adams Pty Ltd (Caterpillar)
Amy Fergus - RACV Club
Tyler Fowler - Melbourne Sports & Aquatic Centre
Will Ruddle - William Adams Pty Ltd (Caterpillar)
Elysia Sceney-Pitt - Telstra
Jacinta Van Duynhoven - East Melbourne Childcare
Year 7 Camp—Nelson

Twenty Year seven students travelled to Nelson last week Wednesday until Friday to complete their annual tent camp with Staff members Andrew Bennett, Will Vangeninden and student teacher Amelia Faye.

Students departed school on Wednesday morning in fine weather and headed for the Swan Lake sand dunes via Portland where they stopped to purchase three days worth of food at Aldi Store. The sand dunes are located in the Discovery Bay Coastal Park in the SW area of the state. Students were eager to climb the highest sand dune in the Park where they preceded to slide, fall and roll down this particular dune. After spending two hours in the Park they drove to the Kywong Caravan Park located in North Nelson road, Nelson. All students erected their two and three man tents. After a healthy tea consisting of meat and salad cooked by the students in their various groups they then went to Simson’s landing for fishing. Only Jarrad was successful in catching a small bream which he returned to the water due to it's size.

On the second day after eggs and bacon, fruit, toast and tea for breakfast the group ventured across the Victorian border into South Australia to visit the popular Princess Margret rose caves. After visiting the caves where students viewed some great stalactites and stalagmites they then drove further into South Australia via the famous Picininni pond dive site to have a look at The Blue Lake in Mount Gambier.

Later that day due to very warm conditions (32 degrees) students and staff walked from the Nelson ocean beach to Nobles rocks where they paddled, searched for Pipis and enjoyed the surroundings.

On Friday, all packed up camp by 9.00am before heading to Portland to visit the Portland Marine Discovery centre where they undertook a series of task relevant to ship wrecks along the South West Victorian Coast. Arriving in Warrnambool at Lunch time the group had fish and chips at Lake Pertobe before arriving back to Mortlake College at 3.00pm.

Thanks especially to the three staff members for organising and taking us on a fantastic camp,

Brodie.
Year 5/6 CAMP

The Yr 5/6 students had a fabulous three days at Burnside Camp in Anglesea last week.

All students set and achieved personal challenges, some of which included scaling the 10 metre rock wall, riding the high zip line and standing up on a surf board.

George Howat set a record on the rock wall, Mary Kain was the first brave volunteer on the zipline and Miss Barr was the best at surfing!

The managers of the camp were very impressed with our students, especially in the way they supported each other through the activities and challenges.

ACTIVE AFTER SCHOOL CARE

Please Note: There will be NO Active After School Soccer on Monday 24th November. It will resume on Monday 1st December and this will be the last session for Soccer.

Thank You
INSTRUMENTAL MUSIC NEWS

Two weeks ago, on Monday 5th November, ten of my music students sat their music exams. Most of the students were doing an exam for the first time and for two, they had done several others in previous years. The students were: Lucas Johnson and Victoria Barry on drums; Amelia Barry, Shae De Francesco and Shayne Woods on guitar; Harry Quail on saxophone; and Ali McKenzie, Taine De Manser, Geoff De Manser, and Ned Quail on piano.

The top results were gained by Lucas Johnson (94%) and Ali McKenzie (93.5%), which meant that they achieved Honours. Victoria, Shae, Shayne, Taine and Ned also gained Honours, while Harry, Geoff and Amelia achieved Credits. All the students performed to the best of their abilities and should be commended for the time and effort they put in in the months leading up to the exams!

Melanie Pocknall
Instrumental Music Teacher.

AGM and End of Year Dinner

Wednesday 10th December, 2014 @7pm
At Olivine Restaurant.
All Welcome.

BYO: Gardening equipment (if possible)
The P-4 students enjoyed a fantastic Multicultural Day last Friday 14th November.

Student participated in a variety of activities including South American stick art, making Italian masks, African Necklaces and English crowns.

Students dressed in outfits from different counties and cultures of their choice, and shared food from different countries.
Raspberry & Pear Loaf

INGREDIENTS

☐ 2 Josephine pears, peeled, quartered, core removed
☐ 2 cups (300g) self-raising flour, sifted
☐ 1 cup (85g) desiccated coconut
☐ 1/2 cup (115g) caster sugar
☐ 270g can Ayam light coconut milk
☐ 2 eggs
☐ 1/2 teaspoon vanilla extract
☐ 1 cup (120g) frozen raspberries

METHOD

Step 1
Preheat oven to 180°C. Line a 9cm x 22cm (base) loaf pan with non-stick baking paper. Cut the pear into 2cm pieces.

Step 2
Combine the flour, coconut and sugar in a large bowl. Whisk together the coconut milk, eggs and vanilla extract. Add to the dry ingredients and mix until just combined.

Step 3
Gently stir in the pears and frozen raspberries make sure you don’t over mix. Spoon into the pan and smooth the surface. Bake for 1 hour or until a skewer inserted comes out clean. Set aside for 5 minutes before transferring to a wire rack to cool completely.
School procedures for the bushfire season

Fire danger ratings and warnings are used in Victoria to provide clear direction on the safest options for preserving life.

Schools and children’s services listed on the DEECD Bushfire At-Risk Register (BARR) will be closed when a Code Red fire danger rating day is determined in their Bureau of Meteorology district. Our school has been identified as being one of those at high bushfire risk and is listed on the BARR.

Where possible, we will provide parents with up to four days’ notice of a potential Code Red day closure by letter and SMS message. A Code Red day will be determined by the Emergency Management Commissioner no later than 1.00 pm the day before the potential closure. Once we are advised of the confirmation of the Code Red day we will provide you with advice before the end of the school day.

Once confirmed, the decision to close will not change, regardless of improvements in the weather forecast. This is to avoid confusion and help your family plan alternative care arrangements for your child. It is also important to note that:

- No staff will be on site on days where the school is closed due to a forecast Code Red day.
- Active After School Care will also be canceled on these days.
- School camps will be canceled if a Code Red fire danger rating day is determined for the Bureau of Meteorology district in which the camp is located.
- As a bus co-ordinating school all bus routes will be cancelled.
- Depending on which Bureau of Meteorology district is impacted bus route cancellations may affect our school.

On these Code Red days families are encouraged to enact their Bushfire Survival Plan – on such days children should never be left at home or in the care of older children.

For those of us living in a bushfire prone area, the CFA advise that when Code Red days are forecast, the safest option is to leave the night before or early on the morning of the Code Red day.

As part of preparing our school for potential hazards such as fire, we have updated and completed our Emergency Management Plan.

What can parents do?

- Make sure your family’s bushfire survival plan is up-to-date and includes alternative care arrangements in the event that our school is closed.
- Ensure we have your current contact details, including your mobile phone numbers. Keep in touch with us by reading our newsletters, checking our website and by talking to your child’s teacher or any other member of the teaching staff about our emergency management plan.
- Most importantly at this time of year, if you’re planning a holiday or short stay in the bush or in a coastal area, you should check warnings in advance of travel and remain vigilant during your stay.
- If your child is old enough, talk to them about bushfires and your family’s bushfire survival plan.
- For up-to-date information on this year’s fire season, visit the CFA website at www.cfa.vic.gov.au or call the 24-hour Victorian Bushfires Information Line on 1800 240 667.
BE FIRE READY

FREE Bushfire Information Sessions

Including:

- Keeping you and your family safe this summer
- What is an Emergency kit?
- What activities are restricted during fire danger period?
- Staying Informed of emergencies

4 sessions to choose from:

- 7.00 – 7.50am (aimed at businesses & employees who travel in rural locations)
- 9.30 – 10.30am (great for shift workers, school parents, shoppers)
- 2.00 – 3.00pm (great for shift workers, school parents, shoppers)
- 6.00 – 7.00pm (ideal for daytime workers)

7am session includes cuppa and takeaway breakfast
Other sessions include light refreshments and nibbles

Plus drop in during lunchtime for one-on-one individual advice (anytime between 12.00-1.30pm)

While drugs can take their toll on both physical and mental health for young and old, teenagers are particularly vulnerable to the effects that these addictive substances have on their developing brain. As a result, this may lead to long-term problems for their mental function and place them at increased risk of mental illness. Young people should also be aware of the wider issues related to drug taking, such as the impact this can have on their performance at school. As drug taking among young people remains an important issue, this is a topic parents need to tackle with their kids long before they are even offered drugs. While some parents may not be sure how to raise the subject with their children, particularly at a young age, guidance on how to discuss substance abuse with your kids is available. This guide explains how to cover the issue of drug abuse with your children at each stage and also helps you to recognise some of the signs that your teen is abusing drugs, as this requires a separate conversation.

The Early Years
Even though you may not think to bring up the subject of drugs before your child starts school, at this age you can begin to prepare them for the choices they will need to make in their later years by giving them opportunities to start using their decision-making skills, and this is an appropriate stage to focus on dangers at home such as pill bottles. By the time they are in year 3 of primary school, your discussion needs to have moved on to introduce the concept of drugs as substances that can harm their body and lead to an addictive habit. During these years it is also important to discuss and encourage healthy behaviours, such as eating well and staying active, as these can help to protect against drug taking later. As they progress through primary school, make sure that you are armed with the facts about the dangers of drug misuse so that you can educate your kids on these and answer their questions. You may also want to try role playing scenarios where they are offered drugs so that your kids feel confident to turn these down. While your children will start to become more independent at this age, it is essential you show an interest in what your kids do and their friends, as knowing this information can alert you to any problems early on.

High School
Around the time they enter high school your children will be going through lots of changes and this is a time when many are tempted to try drugs for the first time. Your support has never been more important than now and discussions you have now about substance abuse should concentrate on the immediate impact drug taking can have on factors such as their appearance, emotions, school work and social life, as this keeps it highly relevant to them. By year 10 a teen may have turned down drugs plenty of times already, but it doesn’t hurt to keep on talking to your kids about their dangers. Again, keeping the conversation pertinent to their life is essential, so you may want to focus on how substance misuse could impact on their further studies or future career. It is also useful to remember that praising achievements and healthy choices when at high school can help teens to make positive choices and stay clean from drugs.
I in 20 people in Victoria have diabetes. Diabetes is a medical condition where your body does not produce enough insulin, or your body is resistant to it. We all need insulin to be able to turn the glucose we eat into energy our bodies can use. There are different types of diabetes. When someone says they have diabetes, usually they have Type 1 or Type 2 diabetes. People with Type 1 diabetes need insulin to treat the condition. Type 1 cannot be prevented, and most often is diagnosed in children or young adults. Type 2 diabetes used to be thought of an older person’s condition, but can occur also in adolescents and children. Type 2 tends to run in families, and can be triggered by lack of physical activity or being overweight, especially around the middle. Type 2 can often be prevented by healthy eating, physical activity and losing weight. Some symptoms of diabetes are: feeling like you have no energy, going to the toilet a lot, feeling thirsty. Many people with Type 2 diabetes do not have symptoms.

Prevention Tip: Maintain a healthy diet and keep physically active.

If you think you or your family members may be at risk of developing diabetes see your family doctor. You can find more info at www.diabetesvic.org.au or www.betterhealth.vic.gov.au
WANTED: STUDENT EXCHANGE HOSTS

This year we have been fortunate to have three long term exchange students enrolled at our school. Florence, Yuri & Pascale have been wonderful additions to our student cohort. They have willingly shared their experiences and knowledge of their home countries with us and they have been great role models in goal setting and work ethic.

Next year we already have two more exchange students enrolled and we are looking forward to meeting them at the start of next year.

We have been contacted by the AFS exchange organization asking for help in attracting more host families to the program. There are lots of international students hoping to do an exchange year in Australia and they need homes to stay in. I have included part of the AFS letter below.

“At AFS we are very grateful to your school for your interest in hosting our exchange students from around the world. We know that you will have positive experiences with our students and hope you will consider hosting AFS students in 2015.

In particular, we have over 11 students arriving into Victoria from Japan, France, Chile & Finland who are all requiring host placements in Victorian schools. These students arrive in February and will be here on either a 5 or 11 month program. Your students may not only increase their intercultural understanding through their experience, but learn how to interact with people from different backgrounds and through this develop themselves as young leaders in a global environment.

We are still looking for schools and host families for
6 Japanese students
2 French Students
1 Chilean, Finnish & German student

These students are set to arrive into Australia on February 6 2015.

AFS Exchange Students in Australian Schools

AFS Australia has been a trusted leader in intercultural high school student exchange for more than 65 years, and is registered with all Education Departments across Australia. More than 200 trained AFS Volunteers live in communities where we place our students. AFS works in partnership with educators to provide opportunities for intercultural learning and global competencies.

Who are AFS Exchange Students? AFS welcomes more than 200 international high school students to Australia from 50 countries annually. Our students:
• are seen as role models and leaders in their home communities
• must be accepted by an AFS office in their home country, as well by AFS Australia on the basis of academic achievement and motivation to study abroad
• are required to make an effort to do their best regardless of whether grades transfer home
• have a tested level of proficiency in English and strive to increase language skills
• are ambassadors for their countries and provide invaluable opportunities for global learning

If you would like to discuss hosting an AFS student further, please do not hesitate to contact me. Here at AFS we are constantly evolving the programs we offer and are open to working closely with your school to provide inbound and outbound programs to suit your school community.”

Kind Regards,

Lian Drinan Hosting Coordinator AFS Year Program Returnee to Japan Phone: 02 9215 0077 Email: aus.hosting@afs.org AFS Enquiries: 1300 131 736 Website: www.afs.org.au/host/

If you are interested in hosting a student, please look at the AFS website or contact Lian directly.
The Man They Call The Banjo

By Felix Meagher and Dennis O'Keefe
Directed by Wolf Heidicker

The year was 1895. Banjo Paterson and his fiancée, Sarah Riley, travelled to outback Queensland. Sarah hoped to announce their wedding date, but then Christina Macpherson sang "Craighielee..." The secret love story behind Australia's favourite song "Waltzing Matilda."

Appearing At:
Mortlake Soldiers Memorial Hall Friday 23rd January 2015 7.30pm

Tickets $35.00

“THE TALK” - LIVE WITH NELLY THOMAS

ABOUT: Based on Nelly Thomas’s ground-breaking sexual health and ethics DVD “The Talk” Nelly goes into school communities and talks to parents about how to have The Talk with their kids. The presentation is fun, informative and light-hearted and goes for 30-40mins, followed by a Q&A with Nelly, a local panel and the parents. A great way to get the parents involved in their kids’ health.

WHEN: November 26, 2014 / TIME: 6.30pm for 7pm-9pm
WHERE: Deakin on Timor, Warrnambool City Centre, 165 Timor St, Warrnambool
